Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

While Spangler et al. shows a planar conveyor belt for moving along a curved trajectory that comprises a plurality of links with a central, and a plurality of projections staggered at the front and rear with aligned openings, and first and second pivot pins passing through the openings, only the openings in the projections adjacent the side of the belt have a center positioned on an axis that has a radius of curvature, whereas, the independent claims of the present invention require that each of the openings in the projections on the front and rear of the chain links have a center positioned on an axis that has a radius in excess of one meter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A. Deuble whose telephone number is (571) 272-6912. The examiner can normally be reached on Monday through Friday except for alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gene O. Crawford can be reached on (571) 272-6911. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
